## EXPERIENCE

- Wikimedia Foundation** On-site  
*Open Source Contributor* Feb'24 - Present
  - Contributing to Wikimedia Foundation's open-source projects. [\[Phabricator\]](#) [\[Gerrit\]](#)
  - Leading a team of developers to develop scalable solutions for Wikimedia Foundation.
- Grinler** Remote  
*SDE Intern* Sep'24 - Nov'24
  - Created web pages using ReactJS and Tailwind CSS, reducing load times by 45%.
  - Integrated RESTful APIs with Node.js and Express.js, which drove a 35% increase in user retention and served 2,000+ users.
- Google Developer Group- Prayagraj** On-site  
*Technical Lead* Dec'23 - Aug'24
  - Spearheaded technical workshops on various emerging technologies.
  - Designed and delivered hands-on coding sessions for the developer community having 1500+ members.

## PROJECTS

- EmpathIQ:** (WIP) Building an emotion-aware AI chatbot that adapts conversations dynamically and enhances user engagement using real-time sentiment analysis. (Tech: ReactJS, NodeJS, MongoDB, DeepSeek API, Axios, JWT, HTML5 and CSS3) [\[Github\]](#)
- UIT-MAP: Virtual Project Tracker:** (Approved by the college for institutional use.) Developed this web application to streamline project submissions for B.Tech pre-final and final year students. This system enables project submission virtually and online verification by faculty members and HODs. (Tech: RESTful APIs, Webmail, PHP, JavaScript, Git, MySQL, HTML5 and CSS3) [\[Github\]](#)[\[Website\]](#)
- Devfest-Prayagraj Platform:** Built the official Devfest-Prayagraj website enabling 450+ attendees to access event details, register, and book tickets seamlessly, driving the largest DevFest turnout in the region. (Tech: VueJS, NodeJS, Nuxt, Firebase, Git, MySQL, HTML5 and CSS3) [\[Github\]](#)[\[Website\]](#)
- Espresso-Entry:** Developed this responsive and interactive landing page for a coffee shop to enhance their online visibility and customer engagement with a sleek design and user-friendly interface, also hosted it on Firebase to ensure fast and secure access. (Tech: ReactJS, NodeJS, Firebase, Git, HTML5 and CSS3) [\[Github\]](#)[\[Website\]](#)

## SKILLS SUMMARY

- Languages:** Java, JavaScript, Python, PHP, SQL, HTML and CSS
- Frameworks:** ReactJS, ExpressJS, NodeJS, Tailwind CSS, Bootstrap
- Tools & Databases:** Docker, GIT, Axios, JWT, MongoDB, MySQL
- Platforms:** GCP, Firebase, Linux, Windows
- Soft Skills:** Leadership, Communication, Project Management, Problem-Solving

## EDUCATION

- United Institute of Technology** Prayagraj, India  
*Bachelor of Technology - Computer Science & Engineering; GPA: 7.1* Sep'21 - Present  
*Courses:* Data Structures, Operating Systems, Networking, Databases, Analysis Of Algorithms, Machine Learning
- Maharishi Dayanand Convent School** Prayagraj, India  
*Intermediate - UP Board; 75%* Sep'19 - Aug'20

## ACHIEVEMENTS

- Wikimedia Technology Summit'24 Invitee:** Received an invitation to the Wikimedia Technology Summit held at IIIT-Hyderabad, recognizing my contributions and expertise in Wikimedia open-source projects. (Oct'24)
